RE: Mary & Charles Streets Watermain Replacement Notification of Project

Dear Resident,

This letter is to advise you of upcoming Engineering & Construction work to replace the watermain on Mary & Charles Streets in Clarksburg ON. The project limits include Mary Street from the intersection of Russell St south to the end of Mary St and Charles Street from Mary St to Marsh St. The Town has awarded the contract for the completion of the detailed engineering design and contract administration to Greenland International Consulting.

Greenland International Consulting will be on site over the next month surveying existing topographical features and conducting a geotechnical investigation. As part of the preliminary design process, a Public Information Centre will be held in late spring to allow local residents to take a more active role in the design process. It is anticipated that the design will be completed this spring with construction starting in late summer or early fall.

Please direct any inquires to myself or Jim Hartman of Greenland International Consulting:

Mike Humphries, CET
Engineering Design Technologist
Town of The Blue Mountains
mhumphries@thebluemountains.ca
519-599-3131 ext. 277

Jim Hartman, P.Eng.
Team Project Manager
Greenland International Consulting
jhartman@grnland.com
705-444-8805 ext. 254

Project details will be posted on the Town's website at: www.thebluemountains.ca

Sincerely,

A handwritten signature in black ink that reads "Mike Humphries".

Mike Humphries, CET
Engineering Design Technologist
