RE: Mary & Charles Streets Water Main Replacement Project Update

Dear Resident,

Please be advised that the Town has conducted a Pre-Construction Meeting with the Contractor, SMRS Construction. It is anticipated that the construction will begin as soon as April 18, 2017 due to the mild winter and early spring. As we all know spring conditions are quite variable and the start of construction could be affected.

SMRS will contact each resident to coordinate garbage collection, their Contact Information is:

smrsconstruction@bellnet.ca Phone: 1-519-369-7367

Please direct any questions or concerns to the undersigned or Jim Hartman of Greenland International Consulting:

Michael Campbell, CET
Construction Coordinator
