Dear Mayor and Council,

We believe that you are familiar with the planned deputation by Andrea Macecek from the Shore Acres Property Owners' Association this coming May 15th, 2017.

The Blue Mountain Ratepayers Association supports the Shore Acres Property Owners' Association in regards to their opposition of adding two new vehicle crossings through the Georgian Trail.

The proposed closure will now require constructing two new roads crossing the Georgian Trail, the BMRA feels that this is a significant safety issue for all users of the trail.

As the Town is responsible for the Georgian Trail, we believe Council should oppose the proposed road closures and the construction of the two new roads which would directly cross the trail.

Sincerely,
Peter Bordignon
President - BMRA
