The purpose of the Public Open House is to provide background information on the proposed development and to receive comments and to respond to questions as it relates to the development of the subject lands.

**AND TAKE NOTICE THAT** the Committee of the Whole of Council of the Corporation of the Town of The Blue Mountains will hold a **PUBLIC MEETING** in the **TOWN HALL COUNCIL CHAMBERS, 32 MILL STREET, THORNBURY, ONTARIO, COMMENCING 5:00 P.M. The purpose of these applications is to consider a development proposal for a 242 unit residential development consisting of 2-storey, 3-storey and 4-storey low rise apartment style units located at the north-west corner of Grey Road 19 and Grey Road 21.

The effect of the proposed Official Plan Amendment is to re-designate the subject lands from the Deferred Development 'DD-57' designation to the Primary Residential 'PR-58' designation, and to add a new exception 58 to the Official Plan to establish a maximum unit yield of 242 units, to establish maximum permitted height requirements, to remove the ability to establish a Short Term Accommodation use, and to require the preparation of minimum urban design and visual impact standards to the satisfaction of the Town.

The effect of the proposed Zoning By-law Amendment is to re-zone the subject lands from the Development 'D' zone to the Residential 'R8-252' zone, and to add a new exception to the Zoning By-law to establish apartment dwellings as the only permitted use, to establish a maximum unit count of 242 units, to establish a maximum permitted height, to establish a new minimum parking requirement of 1.5 spaces per unit, and to utilize the use of the Holding '-h' symbol to require the granting of Site Plan Approval and the execution of a Site Plan Agreement prior to the removal of the '-h'.

It is proposed that the 2-storey buildings be located along the Grey Road 19 and Grey Road 21 road frontages, the 3-storey buildings located internal to the site, and the 4-storey buildings being located internal to the site in the north-westerly corner.

In support of these applications the Town of The Blue Mountains has received the following: Site Concept Plan, Planning Justification Report, Architectural Elevations and Typical Floor Plans, Urban Design Report, Visual Impact Assessment, Functional Servicing Report, Stormwater Management Report, Traffic Impact Study, and First Submission of Engineering Drawings.
