#### Rules for Exemption Relating to Municipalities

- (6) Land, buildings or structures owned by and used for the purposes of a municipality and exempt from taxation under Section 3 of the *Assessment Act*, R.S.O. 1990, c.A.31, as amended;
- (7) Lands, buildings or structures owned by and used for the purposes of a board and exempt from taxation under Section 3 of the *Assessment Act*,

#### Rules for Exemption Relating to Industrial Enlargement

19. (1) If a development includes the enlargement of the gross floor area of an existing industrial building, the amount of the development charge that is payable is the following:
  - (a) if the gross floor area is enlarged by 50 per cent or less, the amount of the development charge in respect of the enlargement is zero; and
  - (b) if the gross floor area is enlarged by more than 50 per cent, development charges are payable on the amount by which the enlargement exceeds 50 per cent of the gross floor area before the enlargement.
- (2) For the purpose of this Section only the terms “gross floor area” and “existing industrial building” shall have the same meaning as those terms have in *Ont. Reg. 82/98* made under the Act.
- (3) In this Section, for greater certainty in applying the exemption herein:
  - (a) the gross floor area of an existing industrial building shall be determined as of the date this By-law comes into force; and
  - (b) the gross floor area of an existing industrial building is enlarged where there is a bona fide increase in the size of the existing building and the enlarged area is attached to existing industrial building and is used for or in connection with an industrial purpose as set out in Subsection 1(1) of *O. Reg. 82/98*. Without limiting the generality of the foregoing, the exemption in this Section shall not apply where the enlarged area is attached to the existing industrial building by means only of a tunnel, bridge, canopy, corridor or other passageway, or through a shared below grade connection such as a service tunnel, foundation, footing or a parking facility.
- (4) For the purpose of interpreting the definition of “existing industrial building” contained in *O. Reg. 82/98*, regard shall be had for the classification of the lands in question pursuant to the Assessment Act, R. S. O. 1990, c. A.31, as amended, and in particular: whether the lands fall within a tax class such that taxes on the

land are payable at an industrial rate; and, whether more than 50% of the gross floor area of the building or structure on the land has an industrial property code for assessment purposes.

#### Categories of Non-Statutory Exempt Uses

20. The following categories of uses are hereby designated as being exempt from the payment of development charges:
- (1) buildings or structures used as public hospitals governed by the *Public Hospitals Act*, R.S.O. 1990, c.P.40, as amended;
  - (2) land, buildings or structures used for place of worship use and exempt from taxation under the *Assessment Act*, R.S.O. 1990, c.A.31, as amended; and
  - (3) land, buildings or structures for agricultural use which do not receive municipal sanitary sewer or water supply services.

#### Temporary Buildings or Structures

22. (1) Subject to Subsections (2) and (3), temporary buildings or structure shall be exempt from the payment of development charges.
- (2) In the event that a temporary building or structure becomes protracted, it shall be deemed not to be nor ever to have been a temporary building or structure, and the development charges required to be paid under this By-law shall become payable on the date the temporary building or structure becomes protracted.
  - (3) Prior to the Town issuing a building permit for a temporary building or structure, the Town may require an owner to enter into an agreement, including the provision of security for the owner's obligation under the agreement, pursuant to Section 27 of the Act providing for all or part of the development charge required by Subsection (2) to be paid after it would otherwise be payable. The terms of such agreement shall then prevail over the provisions of this By-law.

#### Rules for the Redevelopment of Land

23. (1) Despite any other provision of this By-law, where as a result of the redevelopment of land, a building or structure existing on the same land has been demolished in order to facilitate redevelopment, or converted from one principal use to another principal use on the same land, the development charges otherwise payable with respect to such redevelopment shall be reduced by the following amounts:
- (a) in the case of a residential building or structure, an amount equivalent to the applicable development charge for the Residential Type of the existing dwelling that has been or will be demolished or converted to another principal use; or
  - (b) in the case of a non-residential building or structure, an amount calculated by multiplying the applicable development charge by the Gross Floor Area that has been or will be demolished or converted to another principal use; or
  - (c) in the case of a mixed-use building or structure, by an amount calculated by the residential unit type for the existing residential use portion and by gross floor area for the non-residential use portion, of the unit that has been or will be demolished or converted to another principal use.
- (2) The amount of any reduction or credit permitted shall not exceed, in total, the

amount of the development charges otherwise payable with respect to the re-development.

- (3) Any reduction or credit applicable hereunder shall only apply provided that a building permit for the redevelopment has been issued within five (5) years of the date of the issuance of a permit for the demolition of any building or structure on the same lands.
- (4) If the lands are unserviced at the time it is demolished, water or wastewater development charges will not be credited. Water or wastewater development charges (or the equivalent) will be due upon servicing.
- (5) For greater certainty, and without limiting the generality of the foregoing, no credit shall be allowed where the demolished building or structure or part thereof prior to the demolition or conversion would have been exempt from the payment of development charges pursuant to this By-law (e.g. temporary structures).

#### Rules with Respect to Existing Agreements

24. If there is a conflict between this By-law and an agreement made between the Town and the owner or former owner of land before the coming into force of this By-law and the owner or former owner of the land agreed to pay all or a portion of a charge related to development under the agreement with respect to the land or provided services in lieu of payment, then the provisions of the agreement prevail over the By-law to the extent of the conflict. The extent of the conflict shall be determined on a service by service basis. Notwithstanding the allocation of total development charges within an existing agreement, the development charges may be reallocated by the Town to services set out in this By-law.

#### Reserve Funds

25. (1) Development charge payments received by the Town pursuant to this By-law shall be maintained in a separate reserve fund or funds for each service to which the development charge relates and shall be spent only for the capital costs determined under paragraphs 2 to 8 of Subsection 5(1) of the Act.
- (2) Notwithstanding anything herein to the contrary, the Town may borrow money from a reserve fund and repay the amount used plus interest at a rate not less than the Bank of Canada rate updated on the first business day of every January, April, July, and October.

#### Interest

26. The Town shall pay interest on a refund under Subsection 18(3) and Subsection 25(2) of the Act at a rate equal to the Bank of Canada rate on the date this By-law comes into force.

#### Front Ending Agreements

27. The Town may enter into agreements under Section 44 of the Act.
