Intended use of Data:

Purchase Conditions

The Town will provide the LiDAR data once the payment has been received in full. As per Town's By-Law No. 2020-14, Schedule A, the LiDAR data cost is \$550.00 (plus HST) per square kilometer. The data includes Calibrated and classified raw data in LAS format, DEM grid files in elevation (TIF format), DSM grid files in elevation (TIF format), and 0.5m contours (SHP format).

The applicant will be required to sign the Town's Non-Disclosure and Data Security Agreement. Please submit the completed data request form and a Town staff will contact the requestor to confirm the total cost and complete the payment.

I have read and understood the conditions listed above and wish to proceed with the purchase as outlined in the completed application.
