Subject: Re: P2688 Application for Re-Zoning - 116 Campbell Crescent

Travis. Thanks for the staff report dated September 16, 2019. Under section E of the analysis, I question the applicants' proof of principal residency. I know that a driver's licence and OHIP card are proof of Ontario residency, but not proof of principle residency. Do the applicants still own their previous home and where do their children currently attend school? My husband and I as well as other long time permanent residents of Campbell Crescent strongly urge Council to reject the application to re-zone 116 Campbell Crescent. The applicants' home does now have curb appeal. For your information, many residents, myself included, have spent hundreds of thousands of dollars to renovate our permanent homes on this street. Just because the garden looks pretty is not sufficient reason to allow the applicant to open a business here. How will a Bed and Breakfast on this street "bring positive economic impact to the community", when the majority of the homeowners of Campbell Crescent do not want it? Please forward to the councillors before the September 16 meeting. Respectfully yours, Jill Duncan
