

**RECEIVED VIA EMAIL**

**SEPTEMBER 25, 2019**

To whom this may concern,

As a single dad, raising my daughter at Summit Green on Kellys Way I am fully against the proposed development of Heritage Park.

I decided to purchase here with this park in mind as something she would enjoy her entire childhood. My daughter and I enjoy Heritage park 4-5 times a week and I want it to stay, everyone would. Locals and tourists all take advantage of this park and enjoy the field and green space in an already over developed area. For some reason the Blue Mountains has already cleared out the major of the trees in the area and this needs to stop.

Secondly, Attainable housing here at the mountain must only be a play from the township to check a box off as something they offer or a cash grab. The public transit is terrible for low income households and there is definitely no budget shopping or grocery stores anywhere in the vicinity for this kind of housing. It would be ridiculous to think that kind of housing would work here at the mountain.

I wanted to respond directly as I most likely will not be able to tend these meetings with the travel of my work as well as being a single dad and raising my girl, but I did want you to know where I stand and if there is any other way I can contribute to stopping this development please let me know.

Sincerely,

Rick Sirianni
