Subject: RE: Deputation to COW October 28th

Hi Corrina

Please find attached a request for deputation at the next Committee of the Whole schedule for October 28, 2019.

I would like to address item #B.13.4 on the agenda – Cottages at Lora Bay Holding Removal.

I would like the opportunity to address council and residents of the Cottages at Lora Bay related to the removal of the holding symbol.

We are requesting that the holding symbol be lifted to allow us to register the next phase of the development.

Phase 4 of the development includes 34 single detached dwellings and the condition of the lift of the hold is the execution of a Development Agreement and the granting of site plan Approval. The agreement has issued and will be executed in the very near future and the Site plan Approval is imminent.

We support the recommendation presented in Planning Staff Report PDS.19.136

Cheers

Krystin
