B. Staff Reports, Deputations, Correspondence

Finance, Administration, Enforcement and Fire Reports
To be chaired by Councillor Rob Sampson

B.2 Public Comment Period regarding matters included in the Finance, Administration, Enforcement and Fire portion of the meeting (each speaker is allotted three minutes)

NOTE: In accordance with the Town Procedural By-law 2019-56 ten minutes is allotted to receive public comments regarding staff reports included on the Agenda. The speaker shall provide their name and address, and shall address their comments to the Chair. Comments shall not refer to personnel, litigation or potential litigation matters, or regarding matters that are a follow-up to a Public Meeting.

NOTE: The Blue Mountains Town Hall is currently closed to the public to assist with social distancing with respect to COVID-19. Comments received from the public that have not been included on the Agenda, will be read at the meeting by the Town Clerk.

B.2.1 Jim Torrance, President, Blue Mountains Ratepayers’ Association (BMRA), Town Clerk Corrina Giles confirmed that Jim Torrance, BMRA provided the following comments regarding Agenda Item “B.1.1 Sharon McCormick, Executive Director, The Blue Mountains Attainable Housing Corporation” noting the Town of The Blue Mountains has proposed the development of an Attainable Housing project on Highway 26/Arthur Street East at the old Foodland site in Thornbury. The BMRA recognizes the need for Attainable Housing in TBM and sees the identified site as appropriate for this use. The mixed use with Commercial and Residential is in keeping with the Town’s Official Plan, and in keeping with the Downtown commercial / residential feel. Mr. Torrance noted that their Association does have two broad concerns with the proposal - the potential for the development to require variance from the Town’s Official Plan, and the financial model proposed. Mr. Torrance noted that regarding the Global Hospitality Proposal, the BMRA strongly urge the Town to help resolve the question of future school needs on the site before any future residential use of the property is considered.
B.2.2 Robin & Bill Pittaway, Town Clerk Corrina Giles confirmed that Robin & Bill Pittaway provided the following comments regarding Agenda Item “B.3.4 Requests Regarding Short Term Accommodations During COVID-19, FAF.20.098” in response to the request of the BMSTA owner/operators requesting forgiveness in taxes, water/sewer, extension of licencing and LNC considerations. The BMSTA group represented by Mr. Frith are not alone in their suffering. The STA owner/operators are essentially businesses that have invested in real estate. With this investment comes reward and risk. We would suggest that the STA owner operators use alternate means to protect their investments such as deferring their mortgage payments. They should also mitigate their risk in the event of a “second wave”. Should Council consider any of Mr. Frith’s requests, then the Council should be offering the same exemptions to the Town residents and businesses as we too are private property owners and business owners as are the owner/operators of the STA group. This is not viable financially for the Town, so we believe that there should be no exemptions to any one group, business, person, etc. as it applies to water, sewer, and property taxes. We thank you for your time and understanding.

B.2.3 Terry Kellar, Town Clerk Corrina Giles confirmed that Terry Kellar provided the following comments regarding Agenda Item “B.3.4 Requests Regarding Short Term Accommodations During COVID-19, FAF.20.098”. Mr. Kellar noted that the report is a result of requests from the STA industry for Taxpayers to pay for part of their Licenses. I strongly oppose. To add insult to injury they also requested that I pay for their Taxes and Water/Sewer rate for the shutdown. Please reject all aspects of their request

B.7 Deputations, if any

B.7.1 Bill Abbotts
Re: Grey County Cycling and Trails Master Plan and the Cycling Portion of The Blue Mountains Transportation Plan

Bill Abbotts spoke regarding Grey County Cycling and Trails Master Plan and the Cycling Portion of The Blue Mountains Transportation Plan, and how it may mesh with the cycling portion of our Town of The Blue Mountains Transportation Master Plan. Bill noted that the development of the County’s Cycling and Trails Master Plan has been guided by past initiatives and projects undertaken at the Provincial and County levels since 2013. Bill noted that he would have liked to have seen more of a South Georgian Bay regional approach, further noting that more collaboration is required so a four-lane highway does not arrive at our eastern border or a potentially major artery like Highway 91 is closed. Bill noted that the County received funding from the Province’s Municipal Commuter Cycling Program to develop a Cycling and Trails Master Plan, add 22 km of paved shoulders and purchase 5 bike counters. Bill noted that we are at Phase 3 with the Draft Master Plan and The Blue Mountains has had good representation from staff, council members and the general public in all these phases. Bill noted that cycling is a very popular activity in The Blue Mountains, that includes road riding, gravel riding, mountain biking, recreational riding and commuting in Town and on the Georgian Trail. Bill requested that Council have staff investigate at a minimum, widening the “Tar and Chip paving” to 8 or 8.5 metres, grass to grass on some main network routes like the 10th Line to facilitate vehicles having more room to legally pass cyclists, and that the popular cycling route from the 33rd Sideroad from the 10th Line west to the Town Line should be considered for paved shoulders, noting that they have successfully lobbied Meaford to add paved shoulders on the Frog’s Hollow Hill in their Sideroad 4 reconstruction project this year.

B.7.2 June Porter
Re: Thornbury West Drainage and Development

June provided a deputation regarding the Thornbury West Drainage and Development, including municipal stormwater management in light of climate change and evolution of stormwater management Ontario, Thornbury West Drainage Challenges, three undocumented drainage systems, impact of outdated

NOTE: In accordance with the Town Procedural By-law 2019-56 ten minutes is allotted to receive public comments regarding staff reports included on the Agenda. The speaker shall provide their name and address, and shall address their comments to the Chair. Comments shall not refer to personnel, litigation or potential litigation matters, or regarding matters that are a follow-up to a Public Meeting.

NOTE: The Blue Mountains Town Hall is currently closed to the public to assist with social distancing with respect to COVID-19. Comments received from the public that have not been included on the Agenda, will be read at the meeting by the Town Clerk.

B.8.1 Kim Harris Gardner, Town Clerk Corrina Giles confirmed that Kim Harris Gardner provided the following comments regarding Agenda Item “B.7.2 Deputation June Porter Re: Thornbury West Drainage and Development, Shoreline Restoration, CSOPS.20.043” noting she lives next to Little River Park and is concerned about the area's drainage issues, tree preservation, overcrowding, traffic, and record high water damage. As of June 2020 Lake Huron/Georgian Bay is at all time high levels, 35 inches over average, and 7 inches higher than 2019. Predictions are we will continue to be at record high levels though the fall, and therefore can expect more damage than last year. Rather than address these issues separately, please invest in an overall master plan that proactively considers protection from record high water levels, pedestrian and bike safety, infrastructure required for development, tree preservation and health and safety of residents.

B.13.1 Michelle Doornbosch, Mountainside Developments  
Re: 104/108 Settlers Way

Michelle Doornbosch spoke regarding the Mountainside Developments, and staff report “B.15.1 Recommendation Report – Mountainside Developments Zoning Amendment, PDS.20.09”. Michelle identified the location of the property, context of the surrounding area including Alpine Sports beside the subject lands. Michelle noted that the original site plan included eight units, and noted that the revisions from the original plan include reducing the unit count from 8 to 7, wider driveways, realigned entrance into the site perpendicular to Settlers Way, three visitor parking spaces, wider units to offer suitable floor space, and larger snow storage areas. Michelle reviewed and spoke regarding the proposed renderings, height of the buildings, views of the escarpment, site line concerns along Grey Road 19 and setbacks. Michelle then spoke regarding the Provincial Policy Statement, Grey County Official Plan, Town of The Blue Mountains Official Plan and noted the proposed development complies with all levels of policy. Michelle asked that Council approve the proposed zoning by-law amendment to permit the development of seven townhouse units on the subject lands with the site specific regulations as requested.
