Deputations / Presentations

Under the authority of the Municipal Act, 2001 and in accordance with Ontario’s Municipal Freedom of Information and Protection of Privacy Act (MFIPPA), The Corporation of the Town of The Blue Mountains wishes to inform the public that all information including opinions, presentations, reports and documentation provided for or at a Public Meeting, Public Consultation, or other Public Process are considered part of the public record. This information may be posted on the Town’s website and or/ made available to the public upon request.
B.1  Betty Muise – Tree Trust, Town of The Blue Mountains
Re: Purpose and Objectives of the Town of The Blue Mountains Tree Trust Program and Request Support

Betty Muise spoke providing an overview of the Tree Trust Program, noting it is a program of the Elora Environmental Centre, being a registered charity since 1993. Betty noted that planting trees is popular and important, but questioned who is taking care of the big trees, further noting that the big trees offer significant environmental and ecological services. Betty noted that the Tree Trust is a one-of-a-kind program working to safeguard a community’s carbon-capture heroes. Betty noted that the Tree Trust Program accepts online donations, and when adequate funds are reached that certified arborists are hired to work on a big tree, and two new native trees are planted to get established and one day, take over.

Betty noted the Town of The Blue Mountains Tree Trust will officially launch on July 31 with work commencing on its first tree, being a 200+ year old tree near the Georgian Trail. Betty asked that the Mayor and Council attend the ceremony on July 31 at 9:30 am to celebrate this living piece of local history and to watch the arborist perform aerial roping and tree climbing while completing highly specialized arboreal care.

Moved by: Peter Bordignon  Seconded by: Jim Uram

THAT Council of the Town of The Blue Mountains receives the June 29, 2020 deputation of Betty Muise regarding the Tree Trust Program;

AND THAT Council refers the request of Betty Muise, to the Grants and Donation Committee for consideration and to the Sustainability Advisory Committee, Tree Subcommittee, for information;

B.2  Michelle Doornbosch, Mountainside Developments
Re: 104/108 Settlers Way

Michelle spoke noting that her development team has been working on this project for two years, at significant cost. Michelle noted that her development team is looking at alternative options and are requesting that Council withhold its decision on this development application until a meeting can be scheduled with the neighbours of the development. Michelle noted that with COVID-19 restrictions opening up, that they may be able to meet the neighbours in person to review the application and review and satisfy the neighbours concerns.

B.3  Stephen Diamond
Re: Proposed Redevelopment of Former Foodland Site

Stephen Diamond spoke noting that he and his wife live in Thornbury and that two weeks ago, he attended a meeting of residents regarding the proposed redevelopment of the Former Foodland Site as an attainable housing site. Mr. Diamond noted that he is happy that no decision has been made yet, and that Council are just in the beginning of the process. Mr. Diamond noted that he and his wife have no issue with attainable housing, but noted that the request for an Official Plan Amendment has long term implications of the future character of the Town for years to come. Mr. Diamond noted that he made a
suggestion to the Blue Mountains Attainable Housing Corporation (“BMAHC”) that a sign should be placed on the site that directs anyone that has an interest, to provide comments. Mr. Diamond noted that the survey that he completed regarding the proposed BMAHC site, only asked for an email address, not a municipal address, and expressed concern that the economics do not dictate just one solution. Mr. Diamond thanked Council for hearing his deputation.

B.4 Terri Kimball
Re: Foodland Redevelopment – Attainable Housing

Terri Kimball spoke further to Mr. Diamond’s deputation and noted that she too was involved in a meeting regarding the proposed attainable housing site at the former Foodland. Ms. Kimball noted that she was previously a member of the Blue Mountains Attainable Housing Corporation, and that she is aware of the need for attainable housing in the community. Ms. Kimball noted that she has serious concerns with a five storey building, and that she opposes the requested official plan amendment based on a built form that makes financial sense and is not in keeping with the Town. Ms. Kimball noted that this is a gateway site and that what should be built should not be five storeys in height. Ms. Kimball noted that a decision has not been made on the site, further noting that this is a dangerous precedent. Ms. Kimball noted that she agrees with Mr. Diamond’s earlier comments.

B.5 Randall Litchfield, Proprietor, The Corner Café & Grill
Re: Proposal for Restaurant to Extend its Patio into Adjacent Parking Spaces

Randall Litchfield spoke noting that The Corner Café & Grill has been impacted by COVID-19, with revenues cut by 90%, further noting that takeout is not viable and that the patio service is a challenge because of the size of their patio. Mr. Litchfield noted that The Corner has the approval of the Health Inspector to expand its patio service to include three parking spaces in the Hester Street Parking Lot, and requested that cement barriers be placed that would provide capacity for 8 – 10 tables, and allowing The Corner to employ two to three more staff. Mr. Litchfield noted that he is skeptical about the fall, and the ability to reopen for inside service. Mr. Litchfield noted that he does not want to have to close his business, further noting that the proposed addition of three parking spaces to expand his patio would allow for a total of 10 tables.

Moved by: Peter Bordignon  Seconded by: Paula Hope

THAT Council receives the June 29, 2020 deputation of Randall Litchfield of The Corner Café & Grill requesting permission from Council of the Town of The Blue Mountains to extend its Patio into Adjacent Parking Spaces to meet social distancing requirements;

AND THAT Council authorize the use of Municipal Lands, being 3 parking spaces in the Hester Street Parking Lot to The Corner Café & Grill, through a Municipal Land Use Agreement entered into by the Town of The Blue Mountains and The Corner Café & Grill, including authorizing the sale and consumption of alcohol on the referenced 3 parking spaces, for the period that no indoor restaurant service is permitted due to the COVID-19 pandemic, subject to receipt of insurance naming the Town of The Blue Mountains, and subject to Grey Bruce Health Unit approval;

C. Public Comment Period

C.1 Public Comment Period (each speaker is allotted three minutes)
NOTE: In accordance with the Town Procedural By-law 2019-56 fifteen minutes allotted at the Council Meeting to receive public comments regarding Town matters. Comments may be provided regarding staff recommendations contained in staff reports that are a follow-up to a Public Meeting, it being noted that the commenting period has ended.

NOTE: The Blue Mountains Town Hall is currently closed to the public to assist with social distancing with respect to COVID-19. Comments received from the public that have not been included on the Agenda, will be read at the meeting by the Town Clerk.

C.1.1 Sarah-Jane Laws, Resident of Settlers Way, I am disappointed and appalled at the lack of transparency with regard to this current Council’s planning and permit process. The proposed development at 104-108 Settlers Way was voted down in 2018. This developer has resubmitted in 2020 without addressing most of the issues brought forward in their original design and proposal, reducing the development to 7 townhouses does not offer a solution to the objections recorded. Our Thornbury based Council attaches little regard for the east side of The Blue Mountains as we found last year when they tried to build on the only designated public green space in the area. I hope, even in this Covid world, that some of the councilors ventured out to view the lots in question. The proposed 7 townhouse development built on the end of a laneway without provision for snow removal, garbage removal, fire service, hydro and adequate parking is absurd and reeks of a money grab. Zoning in a neighbourhood is a pre-determined process and used as a plan to maintain the integrity of a neighbourhood prior to development. The zoning is revisited to ensure that all homes adhere to height, density and setback requirements and sometimes small variances are approved after consultation with existing neighbours, these rules have a purpose! In reading the agenda for the council meeting this week, it appears the advance consultation part with the neighbourhood was omitted even after this project had been rejected by Council in 2018. Development and redevelopment is a sign of the times and appears to be a mandate for this current Council. The implications for the environment, safety and well-being of the existing community must be forefront and addressed in a respectful manner with adequate due process. I oppose the current redevelopment plan for 104-108 Settlers Way and want my objection to be recorded and read at council.

C.1.2 Betty Wallace, Resident, Please accept these comments from residents regarding Staff Report FAF.20.098. We are adamantly against any reductions or forgiveness of property taxes and/or water & sewer fees; the extension of licences; and changes to rental requirements of properties used as Short Term Rentals and Accommodations (“STA”) in the Town of the Blue Mountains. Many STA commercial properties exist in residential neighbourhoods, and many have not existed harmoniously within their neighbourhoods. The extensive public meetings, OMB and court hearings, deputations by residents, and ongoing calls to the OPP and Bylaw Dept all highlight the negative impact some of these businesses have had in our Town. The implementation of clear and defined responsibilities for these businesses have helped immensely to bring quiet and peaceful enjoyment to our neighbourhoods. The current pandemic has affected all of our lives, and most businesses in our Town. Many of us have suffered economic downturns, business uncertainties, and unfortunately health stresses as well. It is imprudent, fiscally irresponsible and unfair to provide relief to STA owners as a separate class of business. As residents, we are insulted that the Town Council has to consider this request at the expense of other property owners and businesses in Town. While the STAs were enjoying full houses almost every weekend and most weeks during the past many summers, we do not recall any beneficiary donations in cash or kind to the neighbourhoods which are affected by these businesses. Please uphold the recommendation of the June 30 Committee of the Whole to refuse any and all of these requests for special treatment or bonuses to these commercial enterprises.

F.1 Committee of the Whole Report, dated June 16, 2020

B.1.1 c) Deputation: Sharon McCormick, Executive Director, The Blue Mountains Attainable Housing Corporation Re: Community Consultation Results – Gateway Site & Thomas Vincent Employee Housing Proposal

Moved by: Rob Sampson Seconded by: Andrea Matrosovs

THAT Council in consideration of the need to bring certainty to the planning parameters that will guide the design of the development and recognizing the further public process that is legislated through the Planning Act, Council directs the Town of The Blue Mountains’ Chief Administrative Officer and relevant staff to initiate the municipally-initiated site specific planning amendments to the Town Official Plan and Comprehensive Bylaw 2018-65 to facilitate mixed use development at the Gateway site (171 King Street East, Thornbury) up to a maximum of 5 stories;

AND THAT Council recognizes the Town’s commencement of the municipally-initiated planning amendments does not reflect Town Council’s support of the amendments themselves which will be subject to a public process and final decisions on the municipally-initiated site specific planning amendments will be determined by Town Council and/or the County of Grey at a later date in accordance with the Planning Act,

B.15.1 Recommendation Report – Mountainside Development Zoning Amendment (PDS.20.09)

Moved by: Rob Sampson  Seconded by: Rob Potter

THAT Council receive Staff Report PDS.20.09, entitled “Recommendation Report - Mountainside Developments Zoning Amendment”, for the lands known as South Part of Lot 19, Concession 2;

AND THAT Council REFUSES the Zoning By-law Amendment proposed by Mountainside Developments Inc. to change the zoning symbol of the property from Residential One (R1-1) to Residential Two Exception with holding symbol (R2-119-h35), so as NOT to permit the development of five (5) townhouses and two (2) semi-detached dwellings on the property;

AND THAT Council provides the following reasons for refusal, being that the proposed development of 7 town houses is internal to an older established neighbourhood which is entirely zoned R1 and which contains narrow streets and single family homes, rezoning would contravene Paragraph A1.1.5 of the Official Plan which states:

A1.1 GUIDING PRINCIPLES

5. To ensure that the character of existing and well-established residential neighbourhoods is maintained and enhanced by ensuring that development and redevelopment is compatible, in terms of built form and street pattern, with the character of adjacent buildings and neighbourhoods and the scale and density of existing development.

H. New and Unfinished Business

H.1 Grey County Council Update (AS, RP)

Mayor Soever provided the Grey County update noting that the financial statement audit is completed. Mayor Soever noted that the year-end projection, due to COVID-19, is $1.9 million, mainly because of long term care and paramedic services. Mayor Soever noted that savings in administration have been realized due to staff being reassigned to long term care. Mayor Soever noted that the County is awaiting assistance for paramedic services and Personal Protective Equipment for Long Term Care homes.

Mayor Soever noted the resilience and recovery plan was discussed and staff were directed to work with Economic Development to develop a plan. Mayor Soever noted that SWIFT was discussed, with nothing delivered at this time, and that SWIFT is unfunded at this time.

Mayor Soever noted that the County agreed on delegations to the AMO Conference being held virtually.

Deputy Mayor Potter spoke regarding the economic development recovery plan and noted that a year ago the County had 2% unemployment, and that now, due to COVID, we are trying to save businesses and jobs.
