A. Recommendations

THAT Council receive Staff Report FAF.20.163, entitled “Memorandum of Understanding Between the Town of The Blue Mountains and the North East Grey Health Clinics”;

AND THAT Council authorize the Mayor and Clerk to execute the Memorandum of Understanding between the Corporation of the Town of The Blue Mountains and the North East Grey Health Clinics for the Thornbury Health Clinic specifically.

B. Overview

This report outlines the request for authorization from Council for the Mayor and Clerk to sign a Memorandum of Understanding between the Town of The Blue Mountains and the North East Grey Health Clinics.

C. Background

The Town and the North East Grey Health Clinic have had a long-standing connection that was established with the creation of the Thornbury Medical Clinic located on Highway 26 in The Blue Mountains. The Thornbury Medical Clinic and the North East Grey Health Clinics are subject to an existing agreement that identified the North East Grey Health Clinics as the operators and owner of the Medical Clinic. The Thornbury Medical Clinic facility is designated as a Municipal Capital Facility.

The North East Grey Health Clinics developed a second Health Clinic in Meaford and operates this health clinic as well as the Thornbury Health Clinic. These two health clinics do not have similar agreements regarding the Municipal Capital Facility designation.

Over the past couple of years, discussions have taken place between Town staff and the North East Grey Health Clinics regarding whether to extend the current agreement or consider developing a new agreement specific to the Thornbury Health Clinic. The Town’s Director of
Finance and IT Services will be bringing a future report forward to Council with options regarding the noted agreement.

Discussions between Town staff and the Chair and Treasurer of the North East Grey Health Clinics have identified the opportunity to extend other services.

Town staff, along with the Chair of the North East Grey Health Clinics and Councillor Sampson, the Council Representative of the North East Grey Health Clinics Board, have developed a draft Memorandum of Understanding using a similar process as the one the Town used with The Blue Mountains Public Library and The Blue Mountains Attainable Housing Corporation.

### D. Analysis

The Memorandum of Understanding (Attachment 1) was developed by Town staff in consultation with the Chair of the North East Grey Health Clinics. The Board of the North East Grey Health Clinics endorsed the Memorandum of Understanding at the September 30, 2020 Board meeting.

The main premise of this Memorandum of Understanding is that the Town can provide staff resources to the Board of the North East Grey Health Clinics where required specially for the Thornbury Health Clinic. Although, the Town and the North East Grey Health Clinics have an important partnership, it is critical that areas of responsibility are clearly defined and that resources provided are specific to the Thornbury Health Clinic.

Town staff have the enhanced ability, through the use of electronic timesheets, to record time allocations and monitor the resources and time provided to the North East Grey Health Clinics on a bi-weekly basis.

Staff will monitor the resource allocations and, when necessary, provide reports to Council that outline the staff time and resources being used by the North East Grey Health Clinics. These reports will form the basis of determining if revisions to the Memorandum of Understanding or other Fee for Services arrangements should be considered in the future.

### E. Strategic Priorities

1. **Communications and Engagement**
   
   We will enhance communications and engagement between Town Staff, Town residents and stakeholders.
